PROPOSED N. POST OAK IMPROVEMENTS

There will be a shared use path on the east side of North Post Oak, connecting from Memorial Drive to the NWTC. METRO will construct the shared use path on North Post Oak and it is scheduled to be completed at the end of 2020.

The bridge is scheduled to be completed in 2021.

Proposed off-street facility would be along the frontage road of I 610. This facility would extend the north-south ped/bike off-street high-comfort spine connecting Spring Branch and Heights Neighborhood to the Galleria area.
