SUBJECT: Harris County – Townsen Park-n-Ride Multi-Modal Connector (CSJ# 0912-72-535) Request for TIP Amendment

Dear Mr. Dickinson:

The AFA was completed in June 2019 and Harris County initiated the coordination on this project with TxDOT. TxDOT voiced concerns on the proposed modification to existing TxDOT infrastructure and asked Harris County to evaluate other viable options.

The accepted viable option for both TxDOT and Harris County is to reduce the shared used path width to eliminate modification to existing TxDOT infrastructure.

Harris County is hereby requesting a TIP amendment to adjust the project letting date to Fiscal Year 2023 and modify project scope from 12' wide share used path to a variable width sidewalk.

Please consider these requests and feel free to contact me if you have any questions.

Sincerely,

Loyd Smith, PE
Assistant County Engineer

SUBJECT: Harris County – Townsen Park-n-Ride Multi-Modal Connector (CSJ# 0912-72-535) – Project History

Harris County received the TIP Grant in May 2018. Harris County initiated the study phase to confirm the proposed alignment based on the application prior to the execution of the Advanced Funding Agreement (AFA) with TxDOT to expedite the project schedule.

During study phase, Harris County discovered that the tract of land that is necessary to construct the trail has an on-going EPA violation. The alignment was revised to utilize TxDOT ROW, which required modifications to existing TxDOT infrastructure to avoid the violation property and maintain a 12' wide shared use path based on the TIP application.

The AFA was completed in June 2019. TxDOT voiced concerns on the proposed modification to existing TxDOT infrastructure and asked Harris County to evaluate other viable options.

Three additional options were evaluated and reviewed with TxDOT in the exhibits.

Option A – The original trail alignment per TIP Grant application.

Option B – Reduced trail width to approximately 7' wide for 400 linear feet alignment to eliminate the need to modify existing TxDOT infrastructure within TxDOT ROW.

Option C – Realignment of the entire trail system to the east side of Highway 59.

Option B is acceptable to TxDOT and is the most viable and feasible solution, because it has minimal affects to project cost, schedule, and ROW acquisition.

Jim Dickinson
Senior Transportation Planner
Houston-Galveston Area Council
3555 Timmons Lane, Suite 120
Houston, Texas 77027

Mr. Dickinson;

Island Transit has successfully completed the project under Grant TX-2021-004-00, STBG Flex Funding for security cameras on Island Transit revenue vehicles. The project was completed January 2021 and the funding was drawn down 2/1/2021. The remaining funding the grant is \$36,418.

City of Galveston/Island Transit would like to amend the STIP for the grant and utilize the remaining funding on the grant for repairs to the Terminal Building/Transfer Center. The terminal building is located at 2418 Strand St, Galveston Texas. The funding would be utilized to transform a portion of the terminal into a full multi-modal facility with a dispatch center.

Once a change to the STIP is approved, Island Transit would submit an amendment to FTA to utilize the remaining funding from the grant.

Sincerely,

James Oliver
