

**PUBLIC COMMENTS ON REQUESTED AMENDMENTS TO THE 2045 REGIONAL  
TRANSPORTATION PLAN AND THE AIR CONFORMITY**

**Background**

The Regional Transportation Plan (RTP) establishes vision and goals to improve multimodal transportation networks within the 8-County Transportation Management Area. It has a planning horizon of 2045 and sets regional performance targets and measures to track progress towards achieving those goals. It also includes fiscally constrained specific regionally significant projects list. Regional transportation plans in nonattainment areas are subject to an air quality conformity determination. The RTP is updated once every 4 years with public review and comments and amended anytime.

At the March 2021 Transportation Advisory Committee (TAC) meeting staff presented the proposed amendments to the 2045 RTP and draft air quality conformity determination. Proposed amendments and the draft conformity determination document can be viewed at <http://www.2045rtp.com/>

**Current Situation**

Public participation is an essential part of the planning process and must engage all segments of the regional population. H-GAC opened the first public comment period in December 2020 with virtual public meetings held on December 3, 2020. The second public comment period was open between March 26, 2021 and April 28, 2021.

Through both public comment periods, H-GAC received a total of 141 through online comment submission forms, email and direct mail. All submitted comments can be viewed at <https://www.h-gac.com/regional-transportation-plan/submitted-public-comments>.

**9A. Summary on Public Comments and Information on Requested Amendments to Transit Projects**

Out of the total 141 comments 34 were duplicates and 107 were individual comments that were analyzed. For the purposes of this analysis, the comments were categorized into different comment types listed below:

- Active Transportation
- Air Quality Conformity
- General
- Multiple Projects
- Other
- Planning Process
- Specific projects

All significant comments referring specific projects were on the 8 corridors of projects listed in table below.

Projects	# Comments
Highway 36 A	25
IH 10 W Managed lanes	17
NHHIP segment -3 Interchange reconstruction and widening	14
Hempstead Highway Managed lanes	10
IH 610 W Express lanes	6
SH 35 Freeway	6
IH 10 E Bridge replacement and widening	4
SH 99 Segments E & F2 Widening	2

One comment was submitted on SH 6 (2 MPOIDs) and no comments were submitted on IH 610 E bridge replacement at Ship Channel, reconstruction of IH 610 S (2 MPOIDs), and SH 288 (4 MPOIDs) upgrade to freeway facility and widening projects. A total of 31 comments were submitted that were categorized as general, other, planning process or air quality comments.

As part of the public comments, H-GAC received letters from various agencies and organizations including the City of Houston, Link Houston, City of Pearland, Air Alliance Houston, Highway 36A Coalition and Metropolitan Transit Authority of Harris County. Copies of the letters can be viewed on the [public comments page](#).

The full comment submitted by METRO included requests for additional changes to current 2045 RTP projects or inclusion of new exempt projects. Because these additional requests were not included in the amendments provided for public review during the comment period, they cannot be included in as part of the RTP amendments currently under consideration. Instead, they will be included as part of a future RTP amendment, described in Item 9B, below.

**Action Requested**

Information only.

**9B. Approval of Resolution 2021-17, including 318 Administrative Modifications and TPC Amendments (Level 1 or 2 of the RTP Amendment Framework) that received no public comments, leaving 36 projects for future consideration**

The proposed 2045 RTP amendments can be considered in three parts as shown below:

- I. [2045 RTP Modifications as presented in attached Draft Attachment A](#): Minor adjustments to the project description or revisions to the estimated total project cost or annotations in analysis year columns of the existing 2045 RTP projects. These amendments can also be categorized as RTP Administrative Modifications.
- II. [2045 RTP Major Amendments as presented in attached Draft Attachment B](#): Amendments to the 2045 RTP projects list (Appendix D) to add a regionally significant projects or modify schedule/scope that would impact regional transportation conformity determination. These amendments can also be categorized as RTP Amendments level 2.
- III. [Transit amendments to the 2045 RTP as presented in Attachment C](#): Amendments to the transit projects that were submitted by the sponsor as public comments. As indicated in Attachment C majority of the projects were previously submitted by the sponsor but were not captured in the public review documents from the comment period. Most of these amendments can amendments can be categorized as RTP Amendment level1.

Requested action is to approve minor amendments that are listed in Attachment A. Attachments B and C are for information only. Projects listed in Attachment B will be brought to the Transportation Policy Council for consideration after a full review of the public comments is completed. Items in Attachment C will be treated as a separate 2045 RTP amendment, with an informational presentation in June and TPC consideration in July.

**Action Requested**

Approval of Resolution 2021-17, including 318 Administrative Modifications and TPC Amendments (Level 1 or 2 of the RTP Amendment Framework) that received no public comments, leaving 36 projects for future consideration.
