

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY (TCEQ) UPDATE

February 24, 2022, RAQPAC Meeting

Modeling Platform Files Release

- The TCEQ Released the preliminary version of the modeling files from 2019 modeling platform. The release includes:
- 2019, 2023, and 2026 meteorological files for CAMx
- 2019, 2023, and 2026 IC/BC/TC inputs for CAMx
- 2019, 2023, and 2026 emissions inputs for CAMx
- The parties interested in obtaining the files should use an FTP client software such as Firezilla to access our public FTB site:
- FTP address: [amdaftp.tceq.texas.gov](ftp://amdaftp.tceq.texas.gov)
- FTP directory: /TXO3/camx/input
- User ID: anonymous
- Password: user's email address
- Comments and questions about the files can be sent via e-mail to amda@tceq.gov with a subject line containing "2019 Modeling Platform Comments."
