DISCUSSION ITEMS

ITEM 5. Safety Task Force (Craig Raborn)

Staff gave an overview of the recommendations for safety performance measures by FHWA. The discussion continued that H-GAC has an aspirational goal of zero fatalities by 2050. It was discussed that in 2022 the target level would be based on that linear line going to zero by 2050. A suggestion was made to take the last five years of useful information and use the historical crash information and fatality records as a report card to see where we are with our target.

In further discussion, members questioned whether the targets were realistic. Discussion concluded that the committee and others can be a reliable source to gather more information and give a different perspective.

ITEM 6. Transportation Safety Task Force (David Fink)

H-GAC Staff updated members on the following:

Staff discussed with the members that we need to have better representation from law enforcement. In further discussion, they will try to get this committee approved by May 20, 2022. A recommendation was made for the Department of Public Safety to cover the outer regions. A request was made for Cedrick Collier from Harris County Sheriff's office to recommend someone to get different perspectives on how to cover the outer regions.
