# Information Security Advisory Workgroup

- What is this?
  - To provide a forum where organizations can share ideas, lessons learned, and best practices on how to avoid and respond to cyber attacks.
- Why are we doing this?
  - Recent experience with a ransomware incident.
  - To share our experience.
  - To help other organizations. Especially those with limited IT and security resources.

# Information Security Advisory Workgroup

- How are we doing this?
  - Form the Information Security Advisory Workgroup.
  - Spread the word!
- Who is this for?
  - IT Executives and Managers
  - Security Officers
- When are we doing this?
  - We are starting this now!
  - We are asking help to spread the word.
