Nearly \$34 Million of Regional Mitigation Projects Approved in the Houston-Galveston Region

In February, several communities in the Houston-Galveston region received approval for projects representing \$33,700,989 in Regional Mitigation Program funds from the Texas General Land Office (GLO).

“These projects will help reduce flood risk, enhance emergency preparedness, and increase wastewater utility resilience in the cities of Columbus, League City, and Brookshire,” said Justin Bower, director of Community and Environmental Planning at the Houston-Galveston Area Council (H-GAC). “This funding will be instrumental in helping our region become more resilient in the face of future disaster events.”

Funding Recipient	County	Project	Funded Amt.
League City	Galveston County	Drainage Study, Flood Preparedness, and Drainage Improvements	\$15,561,500
Brookshire	Waller County	Drainage Improvements	\$1,310,000
Columbus	Colorado County	Generator and Drainage Improvements	\$1,018,300
Houston-Galveston Area Council <i>(for the city of Columbus)</i>	Colorado County	Generator and Wastewater Treatment Plant Improvements	\$15,811,189

The Texas General Land Office allocated Community Development Block Grant Mitigation funds from the U.S. Department of Housing and Urban Development (HUD) to local governments in the Houston-Galveston region based on a Method of Distribution developed by H-GAC through an extensive public participation process.

The purpose of these funds is to increase resilience to disasters and reduce or eliminate the long-term risk of loss of life, injury, damage to and loss of property, and suffering and hardship during future disasters. HUD requires that at least 50 percent of total funds must be used for activities benefiting low-to moderate-income persons.

**H-GAC Livable Centers:
Call for Study Sponsors Continues**

H-GAC's [call for study sponsors for the Livable Centers Program](#) is now open.

H-GAC seeks to identify and fund Livable Centers studies and Focused Livable Centers studies. Livable Centers studies will be scaled at a community level, and Focused Livable Centers studies will focus on a smaller geographic area and/or specific issue (e.g., transit-oriented development, first/last mile connections).

Sponsors are limited to local governments and other eligible entities in Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery, and Waller counties. **This is not a request for proposals from consulting firms.**

Interested sponsors are encouraged to attend the pre-submittal meeting for an explanation of the application process. The pre-submittal meeting will be at 9:30 a.m., **Thursday, March 14**, on Zoom or in person at H-GAC.

Registration is *required* to [attend the online meeting](#) and *requested* to [attend the in-person meeting](#). Click to view information about [deadlines, specific application content, and important dates](#) on our website.

All eligible sponsors must complete a Notice of Intent to Apply by **Thursday, May 9**. Final applications are due **Monday, July 8**.

For more information, or questions about upcoming deadlines, email LivableCenters@h-gac.com or contact [Sarai Osorio](#).

H-GAC Honors Parks and Natural Areas Award Winners

In February, the Houston-Galveston Area Council hosted its annual Parks and Natural Areas Awards recognition ceremony. In all, 23 projects throughout the Houston-Galveston region were honored as models for best management practices in parks and natural areas by panels of expert judges and industry professionals.
