

6. AMENDMENTS TO THE 2023-2026 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN

### BACKGROUND

---

The 2023-2026 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the MPO region.

Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the H-GAC Public Participation Plan.

### CURRENT SITUATION

---

A summary of the proposed revisions to the 2023-2026 TIP and 2045 RTP are included below for the Council's review.

- Add \$26.0M of Local Toll funding to Fort Bend County's FY 2025 Westpark Tollway Extension project (MPO ID 8014) due to ramp and utilities relocation cost increases. Advance from FY 2025 to FY 2024. (+26.0M; \$45.0M)
- Add \$11.8M of Local Toll funding to Fort Bend County's FY 2023 FM 1093 Tollway construction project (MPO ID 16192) to include a bridge over FM 1436/FM 359. (+11.8M; \$27.0M)
- Split the SH 225 Westbound-Northbound direct connector construction project at SL 8 (MPOID 18883) from the locally funded Harris County Toll Road Authority's direct connectors construction project (16340) with \$24.0M, and program it in FY 2028 of the Ten-Year Plan. (Total Cost: \$24.0M)
- Modify the description of the Harris County Toll Road Authority's SH 225 direct connectors construction project at SL 8 (MPO ID 16340) from construction of five (5) direct connectors to construction of four (4) direct connectors (Northbound-Westbound, Southbound-Eastbound, Northbound-Eastbound, Southbound-Westbound) and retain it in FY 2023 with \$92M of Local Toll funding. (Total Cost: \$92.0M)
- Update the scope of work of the City of Bellaire's Traffic Management System installation project (MPO ID 18020) to specify that the system will be built with the '5G' (fifth generation) technology standard. Delay the letting date from FY 2023 to FY 2024. (Total Cost: \$866K)

- 
- Delay the City of Baytown Surface Transportation Block Grant (STBG) funded Garth Road widening project (MPO ID 17096) from FY 2023 to FY 2025 due to Right-of-Way acquisition issues. (Total Cost: \$41.7M)
  - Delay the City of Galveston locally funded 61<sup>st</sup> Street extension project (MPO ID 9403) from FY 2023 to FY 2027 in the Ten-Year Plan due to environmental and railroad agreement issues. (Total Cost: \$17.3M)
  - Delay the City of Galveston locally funded Central Business District Pedestrian Access to Transit project (MPO ID 16217) from FY 2023 to FY 2025 as Galveston evaluates the need and scope of the project. (Total Cost: \$5.5M)

  - Cancel the City of South Houston's Transportation Alternatives Set Aside (TASA) funded sidewalk construction project (MPO ID 17119) at the City's request due to drainage and constructability issues. (-\$1.5M)

RE: Garth Road Widening Project (MPOID 17096, CSJ 0912-72-359) Letting Date

Dear Craig,

The City of Baytown is requesting to move the above-referenced project to a letting date in October 2024. The project is currently scheduled in the Transportation Improvement Plan for letting in June 2023; however, the City is not confident that all right of way will be acquired and utilities relocated prior to the current letting date. The right of way acquisition was delayed due to the time required for the environmental clearance. The acquisition process has started and will proceed as quickly as possible. The utility relocation process has also started; however, there are a few private utilities that may not be relocated until the fall of 2023. The City is required to relocate water and wastewater lines. The bid for this work will start advertising this month and is expected to take seven months for construction. There is some doubt about availability of pipe material for the water and wastewater relocation. For all of these reasons, June 2023 does not seem to be a realistic letting date.

The City is requesting an October 2024 letting date, with the understanding that the project may be let earlier if funding is available. We will request letting as soon as right of way is acquired, utilities are clear and plans are approved by TxDOT.

Let me know if you would like to discuss this request, and thank you for your consideration.

Sincerely,

Frank O. Simoneaux, Jr., P.E.  
Director
