

# YES!

2020

**YES TO EDUCATION.  
YES TO HEALTHCARE.  
YES TO TRANSPORTATION.**

Every 10 years, the census counts the number of people in our region to decide how much federal funding and representation our communities should receive. These dollars support everything from disaster recovery, to road improvements, to school lunches, to Medicaid. Fill out the 2020 Census to claim the most for your community.

**The census can be filled out by mail, phone or online. It only takes 10 minutes to complete. Your responses cannot be shared with anyone.**

Let's say no to undercounting in our region and #YESstotheCensus, #ShapeYourFuture, #2020Census, #GulfCoastCounts.

**Respond to the census this April.**
