
Chapter 4

Transit Project Listing

Federal, State and Local Regionally Significant Projects

This page left blank intentionally

Chapter 4 — Transit Project Listing

The 2023-2026 TIP details the program of projects from federal, state and local sources for the public transportation providers within the Houston region. A complete description of federal transit funding programs is provided in Appendix E.

PUBLIC TRANSPORTATION OVERVIEW

Within the Houston region, transportation services are provided by private for-profit, private nonprofit, and public entities such as regional transportation authorities, small urban providers, and rural providers. These entities coordinate the provision of transportation services to the general public in the Houston, Conroe--The Woodlands, Lake Jackson-Angleton, and Texas City Urbanized Areas (UZA) as well as to residents of the region's nonurbanized areas.

SERVICE PROVIDERS¹

Public service providers in the Houston-Galveston metropolitan region that provide fixed route, demand response, and/or paratransit services include:

A. **The Brazos Transit District** ("The District")

As a public transportation provider, The District operates demand response, paratransit, and fixed route services in 21 counties within central and eastern Texas. However, in the Houston-Galveston metropolitan planning area, The District provides mostly demand response service in rural areas of Montgomery County and limited fixed route and ADA services to residents in certain towns in Liberty County.

The District receives funding from the Texas Department of Transportation and Federal Transit Administration.

B. **Colorado Valley Transit District** ("CVTD")

Colorado Valley Transit (CVTD) is a Rural Transit District and provides demand response and limited fixed route transit services within Austin, Colorado, Waller, and Wharton Counties. CVTD receives funding from the Federal Transportation Administration and from the Texas Department of Transportation.

¹ The District, CVTD, Connect Transit and Island Transit receive FTA 5311 "Rural" program funds to support services provided within the 8-county H-GAC region. Section 5311 funds are programmed by TxDOT Public Transportation Division (PTN) directly in the Statewide TIP and are not shown in the H-GAC 2019-2022 TIP.

C. **Gulf Coast Transit District**

The Gulf Coast Transit District (GCTD) provides demand response service in Galveston and Brazoria Counties. Since 2020, GCTD has offered fixed route service in Texas City and La Marque Urbanized Areas. GCTD extended its fixed route service to southern Brazoria County in 2010, known as “Southern Brazoria County Transit.” GCTD also operates Park and Ride service between League City and Galveston Island.

D. **Island Transit**

Island Transit provides fixed-route transit, dial-a-ride and trolley service in the Galveston area. The Galveston trolley has 20 stops that connect the City of Galveston downtown region, Seawall Boulevard, the Historic Strand, and UTMB. Island Traffic also offers “dial-a-ride” service to those that qualify.

E. **Metropolitan Transit Authority of Harris County** (METRO)

METRO is the largest transit provider in the Houston-Galveston metropolitan region and offers numerous transportation solutions to the travelling public, including traditional fixed-route bus service, light rail, over 100 miles of HOV/HOT lanes along six major corridors, 28 park and ride lots, 21 transit centers, paratransit service known as METROLift, and Rideshare programs, including vanpool operations.

F. **Harris County Transit**

Developed through the Community and Economic Development department of Harris County, Harris County Transit operates service in those areas within Harris County that are not served by METRO. Harris County Transit operates the following coordinated services: fixed route bus service in Eastern Harris County, the RIDES taxi voucher, shared ride and mobility management program, and a medical transportation program.

Harris County receives funding from the Houston Urbanized Area allocations from the Federal Transit Administration.

G. **Fort Bend County Transit**²

Fort Bend County Transit serves as a Rural Transit District for Fort Bend County and operates demand response service within Fort Bend County. The transit service however also provides service to Harris County destinations including the Texas Medical Center and the Houston Downtown Business District. Fort Bend County Transit also supports a commuter service known as TREKEXPRESS which provides commuter trips to Greenway Plaza and the Galleria.

Fort Bend County Transit receives Federal and state funding to support its rural transit services.

H. **Conroe Connection Transit:**

Conroe Connection Transit provides public transportation service within the Conroe-The Woodlands urbanized area. Conroe Connection Transit provides fixed bus routes that connect residents to housing, jobs, schools, social services, medical offices, and shopping throughout the city. This service is complemented by ADA service that operates within 3/4 miles of the fixed route.

The Metropolitan Transit Authority of Harris County (METRO) operates the Conroe Commuter Connection on behalf of Conroe Connection Transit. METRO provides bus service from the Conroe Park and Ride facility to Downtown Houston, Midtown, Texas Medical Center, and the VA Hospital

I. **The Woodlands Transit**

The Woodlands Transit is an FTA grant recipient and provides transit services which include a park and ride operation and a fare-free urban circulator trolley service.

- **Park and Ride:** The Woodlands Express park and ride service provides round-trip transportation from the Woodlands to three employment centers in the City of Houston: The Texas Medical Center, Greenway Plaza, and the Downtown Business District. Service is provided Monday through Friday, excluding holidays. Within the Houston metropolitan area, the Woodlands Express is second only to METRO in the number of riders per day, and is operated by the Woodlands Township through a commuter bus operating contract. Users are charged a fee for the service.

² Fort Bend County receives FTA 5311 "Rural" program funds to support services provided within the 8-county H-GAC region. Section 5311 funds are programmed by TxDOT Public Transportation Division (PTN) directly in the Statewide TIP and are not shown in the H-GAC 2021-2024 TIP.

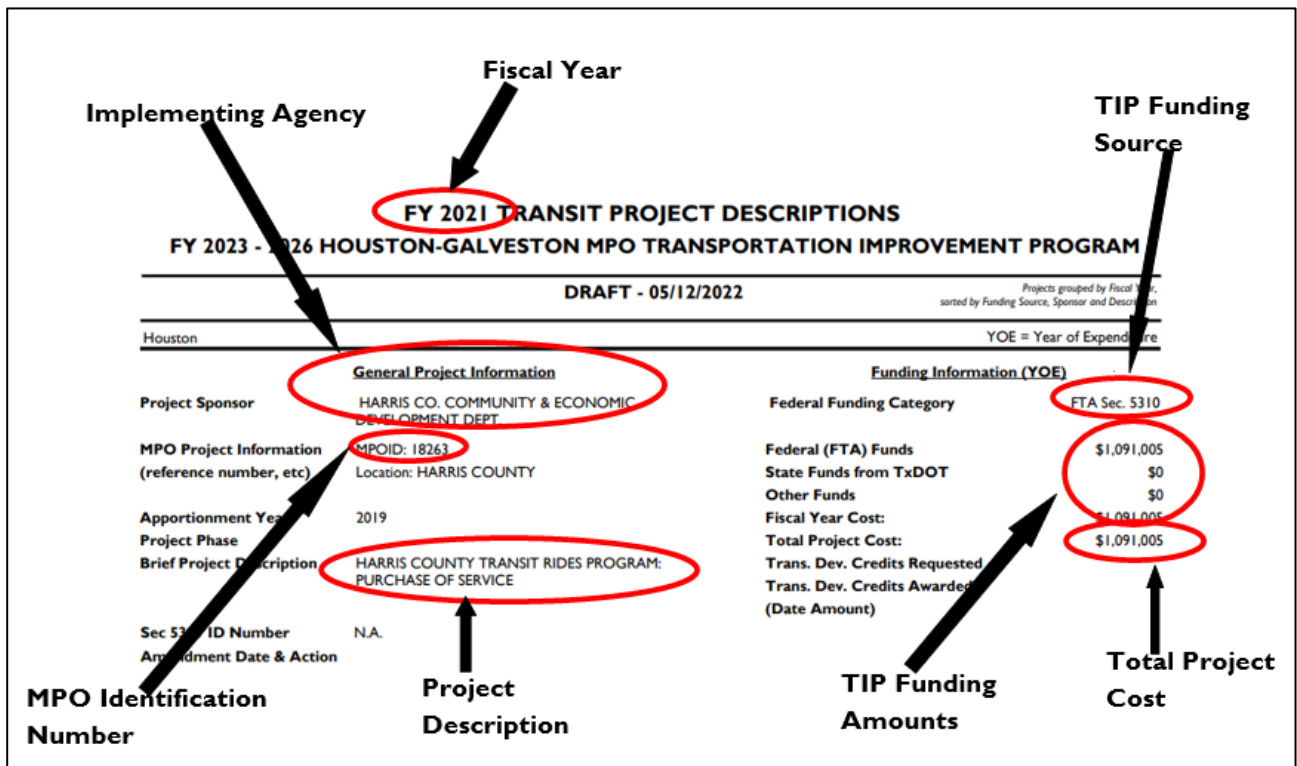

- Trolley Circulator:** The Woodlands Transit also operates a fare-free urban circulator trolley service which provides transportation to business locations and residences within the Woodlands Town Center. The trolley service connects Hughes Landing, the Woodlands Mall, Market Street, and Hughes Landing with businesses and residences in the Town Center. The service operates daily excepting certain holidays, and is complemented by ADA paratransit service.

PROJECT LISTING

The project listing in this chapter is provided in the format required by the Texas Department of Transportation (TxDOT) for inclusion in the Statewide Transportation Improvement Program (STIP). The listing is organized by TxDOT District (Beaumont and Houston), and fiscal year. Under each fiscal year, projects are sorted by county, highway name, and identification number (CSJ Number or MPOID).

The diagram below is a guide on how to interpret the tables and indicates where to find key project information within the listings.

Figure 4-1: Transit Project Listing Legend

FISCAL YEAR

Consistent with the State fiscal year, fiscal years in the 2023-2026 TIP begin on September 1st and continue through August 31st of the following year. Applying this rule to the 2023-2026 TIP, fiscal year 2023 begins September 1, 2022 and ends August 31, 2023.

Fiscal years are used in the TIP project listing to show the year in which funds are committed to a particular project or project phase. All projects in 2023-2026 TIP are fiscally constrained and have identified funding commitments.

TOTAL PROJECT COST

In addition to the funding programmed in the 2023-2026 TIP, an estimate of the total project cost is provided for each project. The total project cost estimate is provided to communicate the overall investment being made to the transportation system and may reflect work that has already occurred or that may occur after the time period covered by the TIP.

The total project cost estimate reflects all facets of the referenced project, including design and engineering costs, needed acquisition of rights-of-way or utility relocations, and construction contingencies.

YEAR OF EXPENDITURE (YOE)

Funding and costs for all projects is shown as nominal year of expenditure (YOE) dollars as opposed to current dollars or indexed dollars (such as “2022 dollars”).
