

13. Carryover Spend Down – Added Projects For Preview

**BACKGROUND**

---

On December 15, 2023, the Transportation Policy Council (TPC) programmed (in the Transportation Improvement Program [TIP]) 60 projects represented by 25 sponsors with \$335,225,653 of federal funds. These projects were programmed to help spend down the region's carry over balances. One of the 60 projects (with a total project cost of \$500,000) was cancelled. All remaining carry over spend down projects will let or be transferred to Federal Transit Administration (FTA) by the end of August 2025. Local government sponsors agreed to participate in the Regional Strategic Transportation Fund (RSTF) program for 39 of the 60 carry over spend down projects. Draft Interlocal Agreements (ILAs) for the RSTF program were sent to local government sponsors for 13 of the 39 projects. If all 39 projects are successful, the RSTF program will accrue approximately \$23M for which local government sponsors can compete in the future for certain projects.

**CURRENT SITUATION**

---

H-GAC identified several additional projects (see Item 09-2) that can let or be transferred to FTA by the end of August 2025 for TPC consideration to fund with the carry over spend down effort. There are 2 projects represented by 2 sponsors requesting an additional \$17,600,000 of carry over spend down funds. Both projects meet at least 2 Regional Transportation Plan (RTP) Visions and Goals (the same analysis and determination as conducted for the currently programmed carry over spend down projects). One project is requesting 1,600,000 Transportation Development Credits to satisfy the local match requirement. The 2<sup>nd</sup> project sponsor would provide the 20% local match.

**ACTION REQUESTED**

---

For information and discussion only.

# Additional Carry Over Spend Down Projects for Consideration - TPC Preview
