

February 17, 2011

SAN BERNARD STAKEHOLDER MEETING

Topics for Discussion

- SELECT modeling results
- Upcoming Schedule for 2011
- Watershed Modeling Consultant Selection
- OSSF Mapping Project
- BMP Prioritization
- Upcoming Events

Consultant Selected for Modeling

- H-GAC published an RFP for watershed modeling
- Four consultants submitted proposals
- The top three consultants went to the H-GAC board on Tuesday
- CDM (Camp Dresser & McKee) was selected
- We will be meeting with them to kick off the model selection process

OSSF Mapping Project

- The OSSF data for the San Bernard watershed has been mapped
 - We are still missing some data for Colorado and Wharton Counties
- We are now working on acquiring all of the complaint and failure data for the five counties
- TCEQ will require a Quality Assurance Project Plan (QAPP) for the data we have collected

BMP Prioritization Activity

- Based on the information from the SELECT modeling results, personal knowledge, and the assumptions made:
 - Place dots next to BMPs that will most improve water quality
 - Place dots next to the BMPs that will most likely be implemented in the watershed
 - Add any additional BMPs that you think should be considered

Upcoming Schedule

- **April 28 (4th Thursday in April)**
 - Modeling Results, Estimated Load Reductions, Technical and Financial Needs
- **June 16**
 - Outreach and Education, Project Implementation
- **August 18**
 - Milestones for Progress, Measures of Success, Water Quality Monitoring Components

Upcoming Events

- Clean Waters Initiative Workshop March 23 :
Landscaping to Prevent Nonpoint Source
Pollution
 - www.h-gac.com/cwi
- Trash Bash Event Saturday, March 26
 - www.trashbash.org
- Texas Watershed Steward Course now online!
 - tw.s.tamu.edu/online-course
