

Transportation Advisory Committee
Public Comments
June 12, 2024

Public Comment Received:

I can see the TAC and TPC be present at the meetings.

I can see emails the night before the meetings.

But restricting public comments at meeting itself using phone, Zoom or Teams is restricting a person's right to speak. Especially for those who have transport or medical issues. TAC and TPC cover more than 3 Texas counties, so I would think that would apply. If not, the law should be changed by the people in Austin. If not, by the courts.

Truly,

Dominic Mazoch
Houston TX
